

Hi all

I'm Marc, Faculty Tutor for ICM at Forth Valley. Welcome! I hope you enjoy your time with us and look forward to working with you all.

I'll be doing your induction on changeover day. Could I ask you to meet Toni Grant outside Theatres on the 1<sup>st</sup> Floor at 10.15am and she will direct you to the ICU Seminar Room. This is within ICU and it's on your left at the end of Base 1. Anyone post-nights etc who can't make that date – **please let me know ASAP**. I'll cover most things on the day, but a few things worthy of mention here too.

Neil Stewart, one of my colleagues, is responsible for organising the rota and leave. We try our best to grant leave and requests... I would suggest you will be infinitely more likely to be successful the more notice you give!

We use a number of IT platforms on the unit. This includes:

- Clinical Portal (including Regional Portal for access to GGC immunology/virology)
- OrderComms
- PACS Vue
- Trakcare
- G2

Access to these requires completion of TURAS modules, of which you have been given information in the welcome email from [postgraduatemedicaleducation@nhs.scot](mailto:postgraduatemedicaleducation@nhs.scot). Please complete these as soon as possible. Logins and passwords are created on completion and will be emailed to you but let me know if there are any issues.

Thanks and best wishes

Dr Marc Vilas

ICU Consultant
